KOKOMO ENERGY MINUTE - FURNACE INSPECTIONS

Kokomo, Ind. – In an effort to help customers prepare for the winter heating season, Kokomo Gas & Fuel (Kokomo Gas) today releases the third in a series of ongoing public service announcements called “Energy Minute” to print and broadcast media outlets across Kokomo Gas’s service area. These tips are aimed to help customers manage their energy bills this winter heating season by using energy wisely.

Schedule a furnace inspection. Contact a registered heating contractor to inspect your furnace. Filter and cleaning upgrades could be completed now before nighttime temperatures turn colder. An inefficient furnace is more expensive to operate. For more information on how to use energy wisely, log onto www.kokomogas.com.
